

Health & Safety for Homeworkers - E-Learning

Course Aim

Regardless of where delegates work, their employer has a responsibility to ensure the health, safety, and welfare of their employees, as far as is reasonably practicable. It is essential that employers train their homeworkers on how to recognise the possible risks when working at home including manual handling, DSE, slips trips and falls, and fire hazards.

Available in over 35 languages

Our courses are machine translated* into a variety of popular International languages, so regardless of location or language preference, we've got you covered. Our machine translated content includes the translation of course transcripts and test questions.

**Content which is not English may be machine translated and is for assistive purposes only. We cannot guarantee the accuracy of translations.*

Agenda

The course modules cover:

- Responsibilities and Legal Requirements
- Hazards and Risks
- Working at Home
- Safety and Emergency Procedures

Certification

Delegates will receive a HSS printable certificate in Health & Safety for Homeworkers upon completion of the course.

This course is approved and accredited by RoSPA.

Who Should Attend?

This online training course is for delegates who work at home, some, or all of the time. It is designed to teach delegates their responsibilities when it comes to working at home, and best practice for safe working from their home.

Course Duration

This is a 50 minute course.
