

Asbestos Awareness - E-Learning

Course Aim

Employers have a legal responsibility to ensure that their staff know where asbestos and related materials are likely to be found, how to avoid the risk of exposure and to provide the necessary PPE to keep the worker safe.

Available in over 35 languages

Our courses are machine translated* into a variety of popular International languages, so regardless of location or language preference, we've got you covered. Our machine translated content includes the translation of course transcripts and test questions.

**Content which is not English may be machine translated and is for assistive purposes only. We cannot guarantee the accuracy of translations.*

Agenda

The course modules cover:

- Asbestos Awareness
- Practical Steps

Certification

Delegates will receive a HSS printable certificate in Asbestos Awareness upon completion of the course.

This course is approved and accredited by IOSH & IATP & CITB

Who Should Attend?

This training course is designed for delegates who may come into contact with asbestos whilst at work. The course informs delegates of what asbestos is, where it might be found, what it's used for and why it's dangerous.

Course Duration

This is a 35 minute course.
