

ISO 45001:2018 Foundation (2336) CQI and IRCA

Course Aim

The aim of this course is to provide the knowledge and understanding of the new international occupational health and safety management system (OHSMS) standard ISO 45001:2018 and to understand how it can be used to develop, maintain and improve your health and safety performance.

This course aims to equip delegates with the knowledge of:

- Understanding the purpose and business benefits of an OHSMS
- Outline the structure and content of ISO 45001 and its relationship with Annex SL
- Interpret the requirements of ISO 45001 in the context of an effective OHSMS

If you are booking with less than 3 working day's notice from the course start date please ring 0345 605 0006 to confirm this course.

Who Should Attend?

This course is aimed at delegates who are needing an introduction to OHSMS. It is ideal for managers, supervisors, health and safety representatives, OH&S consultants and those with health and safety management responsibilities or anyone wishing to understand the impact and relevance of ISO 45001:2018 to their organisations.

This course is a pre-requisite for those wishing to attend the CQI and IRCA certified OHSMS Internal Auditor or Lead Auditor course.

Agenda
