

BRCGS Internal Auditor Course

Course Aim

The aim of this course is to provide the knowledge and understanding of the need for an Internal Audit System, the principles and terminology relating to Internal Audits and describes the principles of Internal Auditing.

The course is delivered through a mixture of a workshop led discussions, practical activities and PowerPoint presentations. On day two delegates are required to undertake a live audit (case study based) where delegates are required to apply the skills and techniques they acquired on day one. Delegates will be given feedback on how they performed during the case study and how they can improve on their auditing techniques.

If you are booking with less than 3 working day's notice from the course start date please ring 0345 605 0006 to confirm this course.
